

HIGHER EDUCATION

PROPERTY & CASUALTY INSURANCE AND RISK MANAGEMENT PROGRAM

ENDORSED BY

Active Shooter + Workplace Violence Insurance Coverage

According to the United States Occupational Health and Safety Administration, workplace violence is the second-leading cause of work-site deaths in the United States. Consequently, it is important for each institution to understand this liability and make a business decision to insure against this exposure.

ISSUE

The frequency and severity of active shooter/workplace violence incidents are increasing each year. The liability and extra expenses tied to these violent acts and/or threats happens immediately. Most standard policies will not respond to an active shooter/workplace violence incident and those that will defend against a lawsuit don't pay for crisis management related expenses.

SOLUTION

IMA understands these risks and offers a global comprehensive and cost-effective policy to help higher education clients respond and recover from such incidents as soon as the incident occurs.

Legal liability coverage with indemnity to address lawsuits that may result from a covered event.

Each year, nearly **2 MILLION AMERICAN WORKERS** ARE VICTIMS OF WORKPLACE VIOLENCE.

THE COVERAGE HIGHLIGHTS
